Play Prop: Rosa Loves Dinosaurs

STEGOSAURUS

PRINT, laminate and cut out
leaving an edge of white all around.

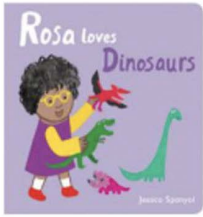

Triceratops has three pointy horns.
Count the horns.

Find some sticks and leaves
and make a dinosaur den.

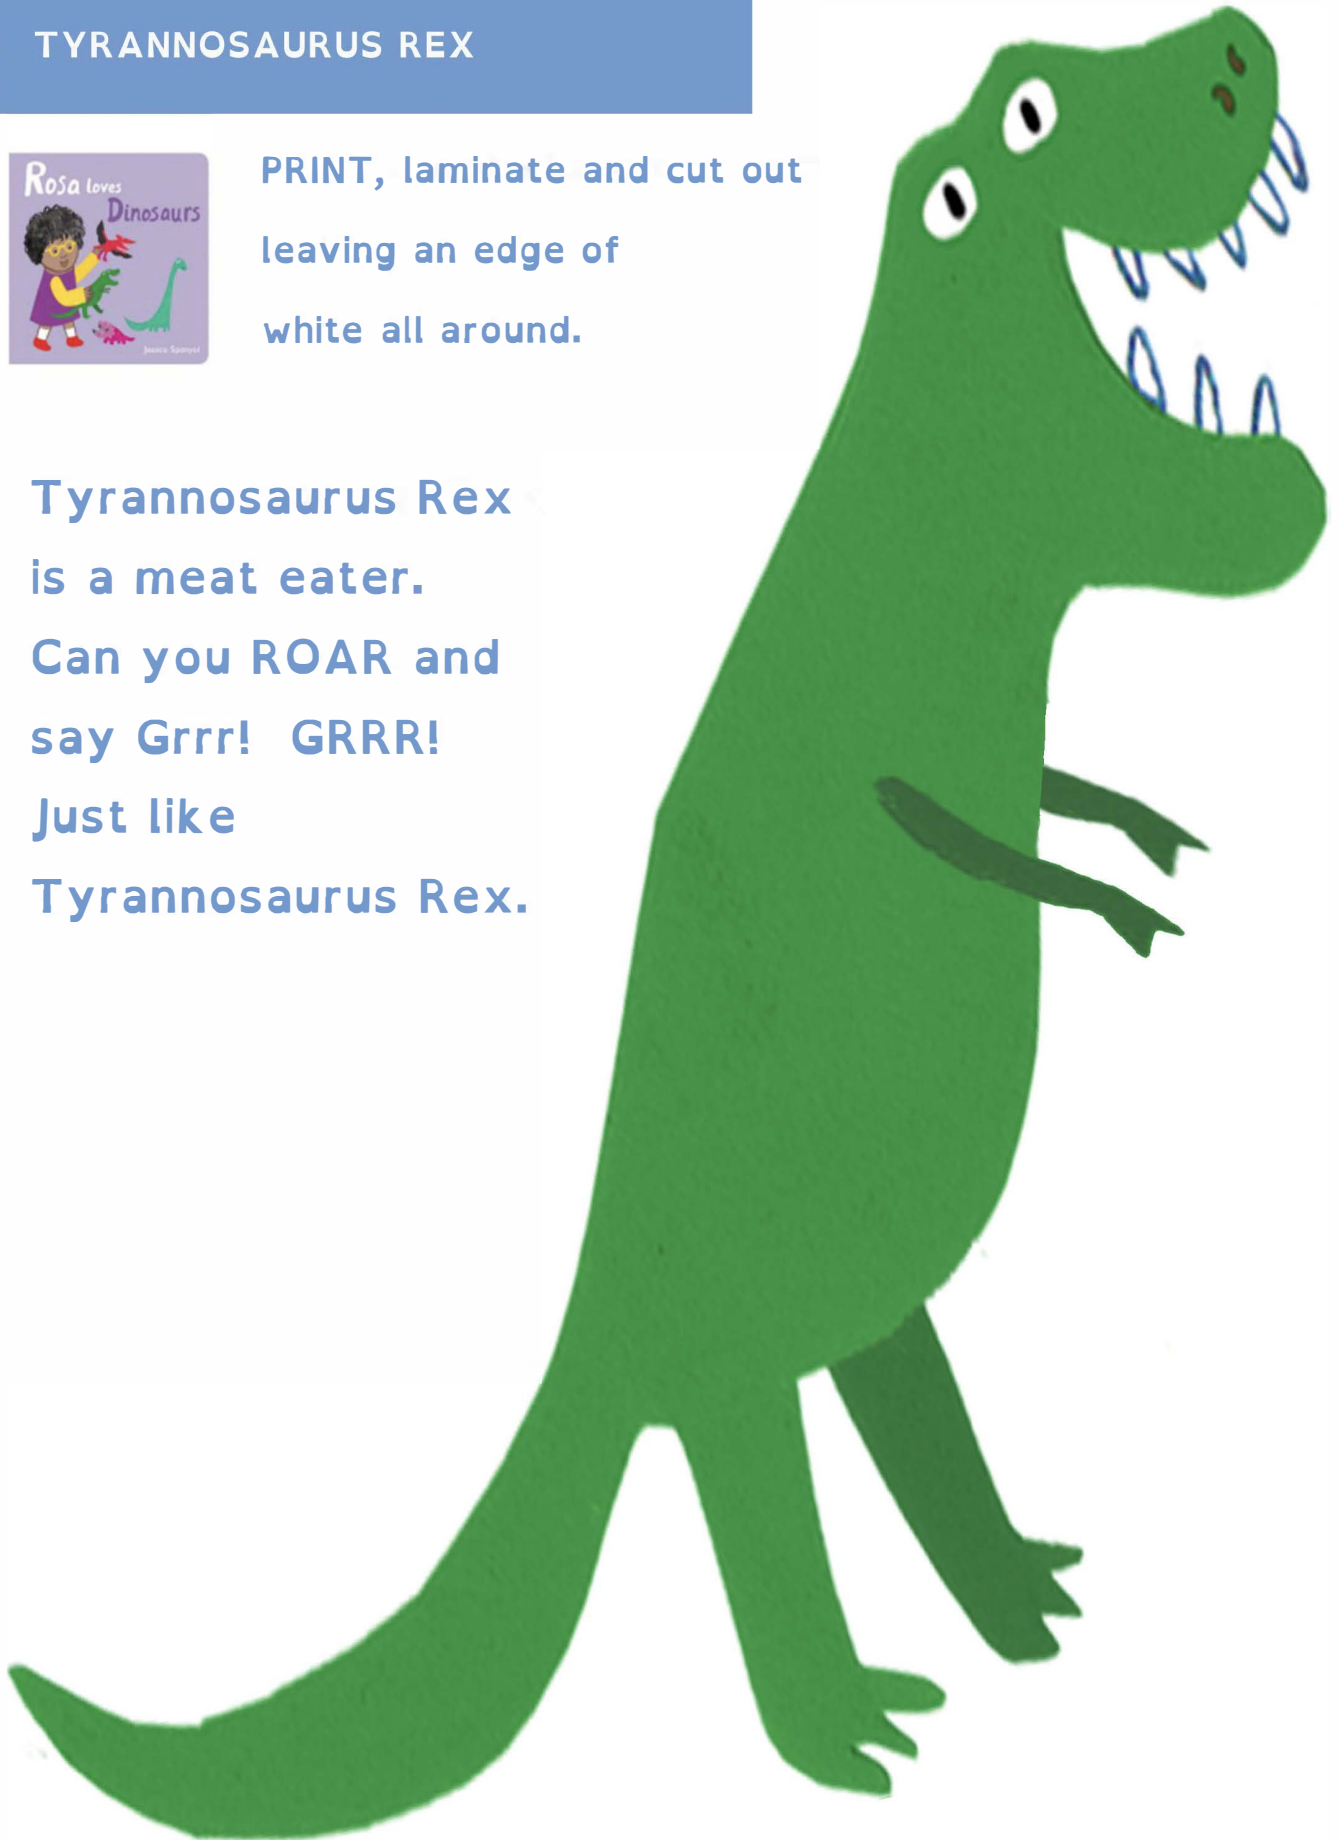

Play Prop: Rosa Loves Dinosaurs

TYRANNOSAURUS REX

PRINT, laminate and cut out
leaving an edge of
white all around.

Tyrannosaurus Rex
is a meat eater.
Can you ROAR and
say Grrr! GRRR!
Just like
Tyrannosaurus Rex.

Play Prop: Rosa Loves Dinosaurs

DIPLODOCUS

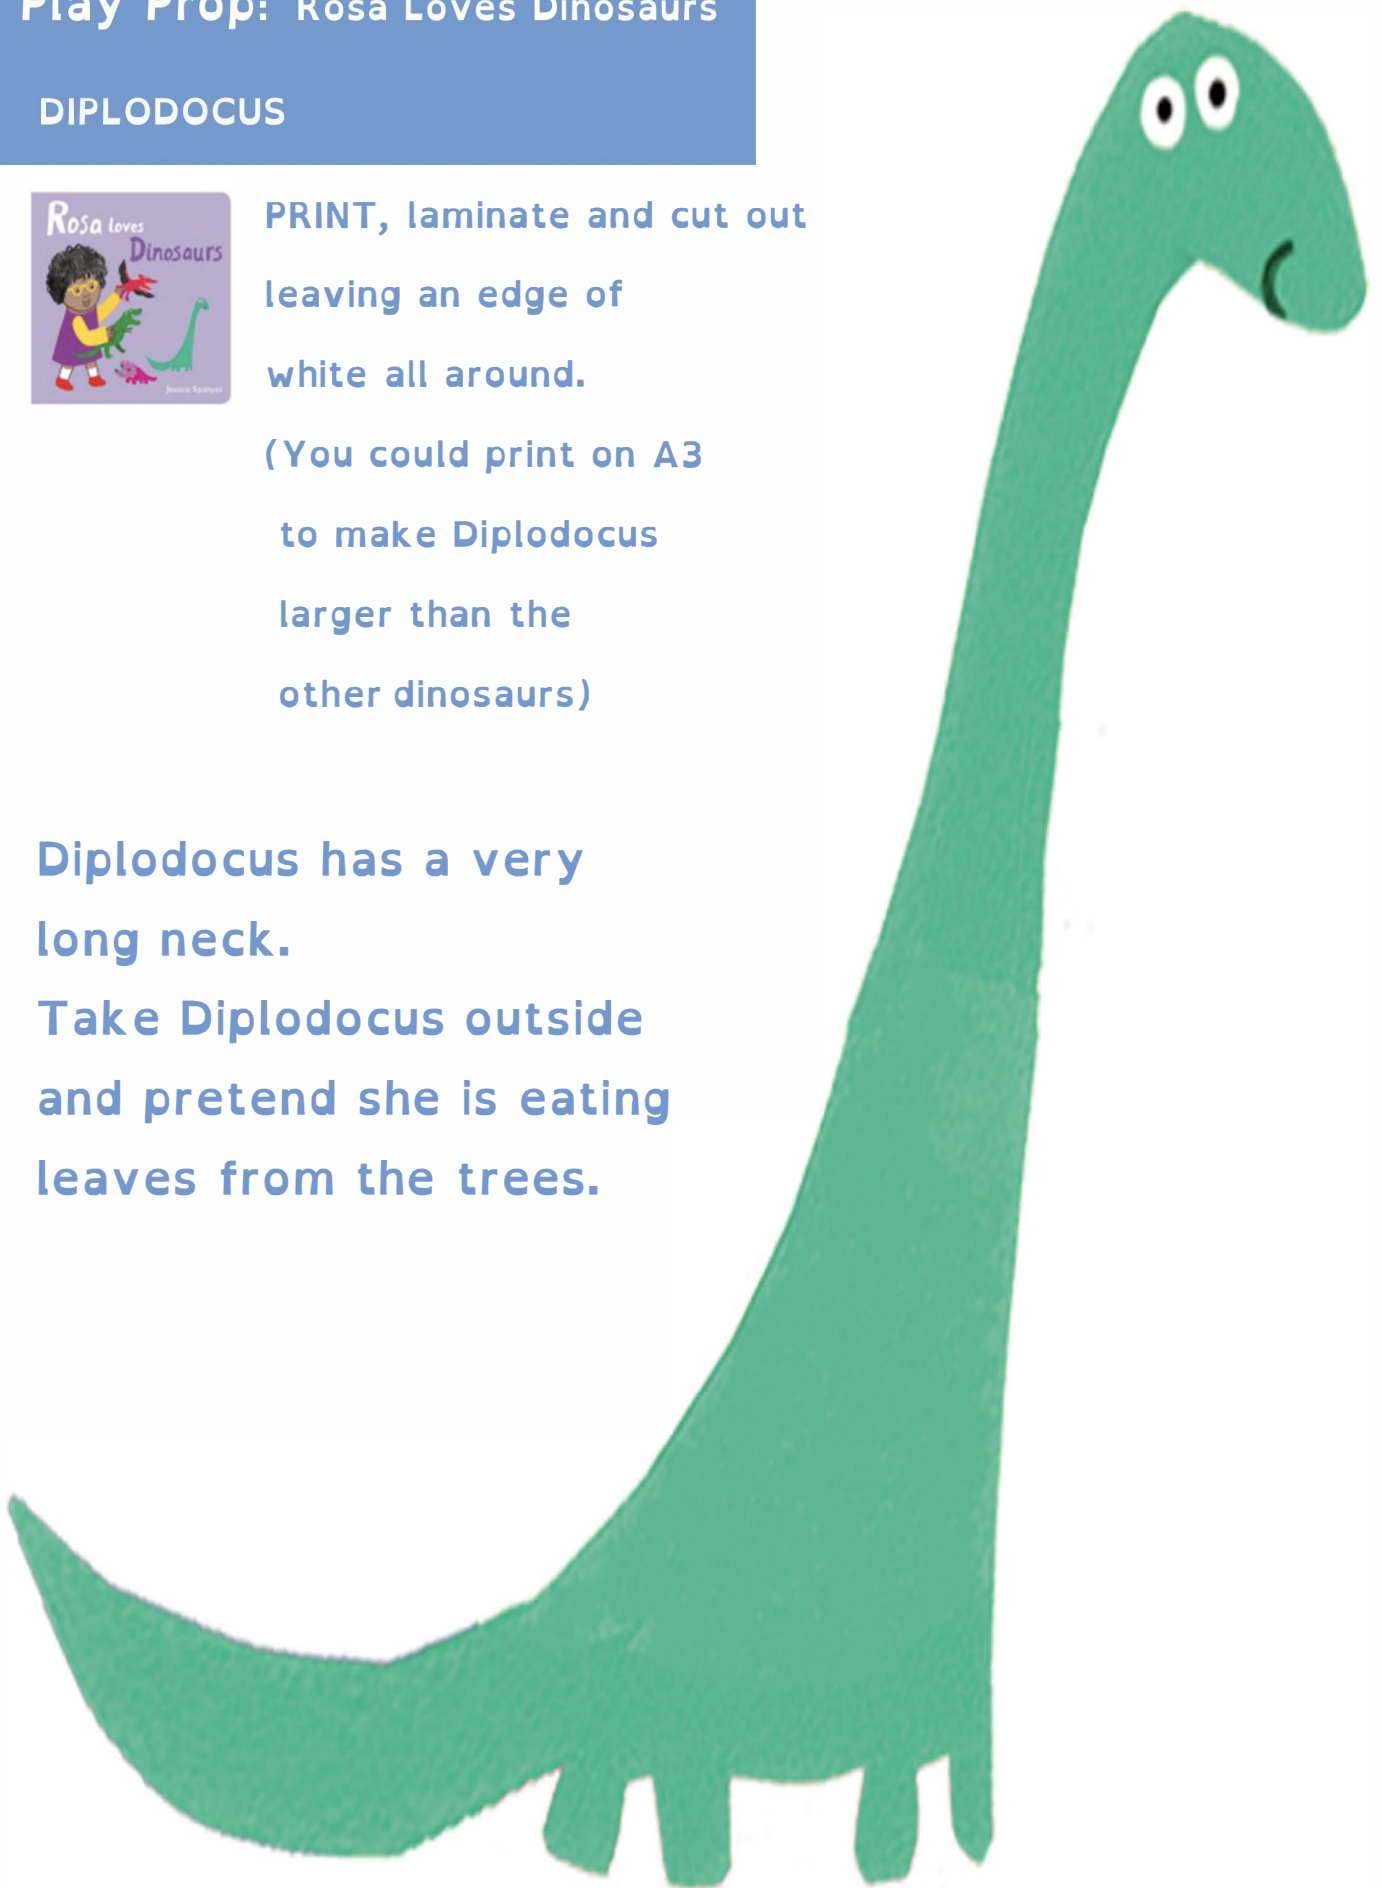

PRINT, laminate and cut out leaving an edge of white all around.

(You could print on A3 to make Diplodocus larger than the other dinosaurs)

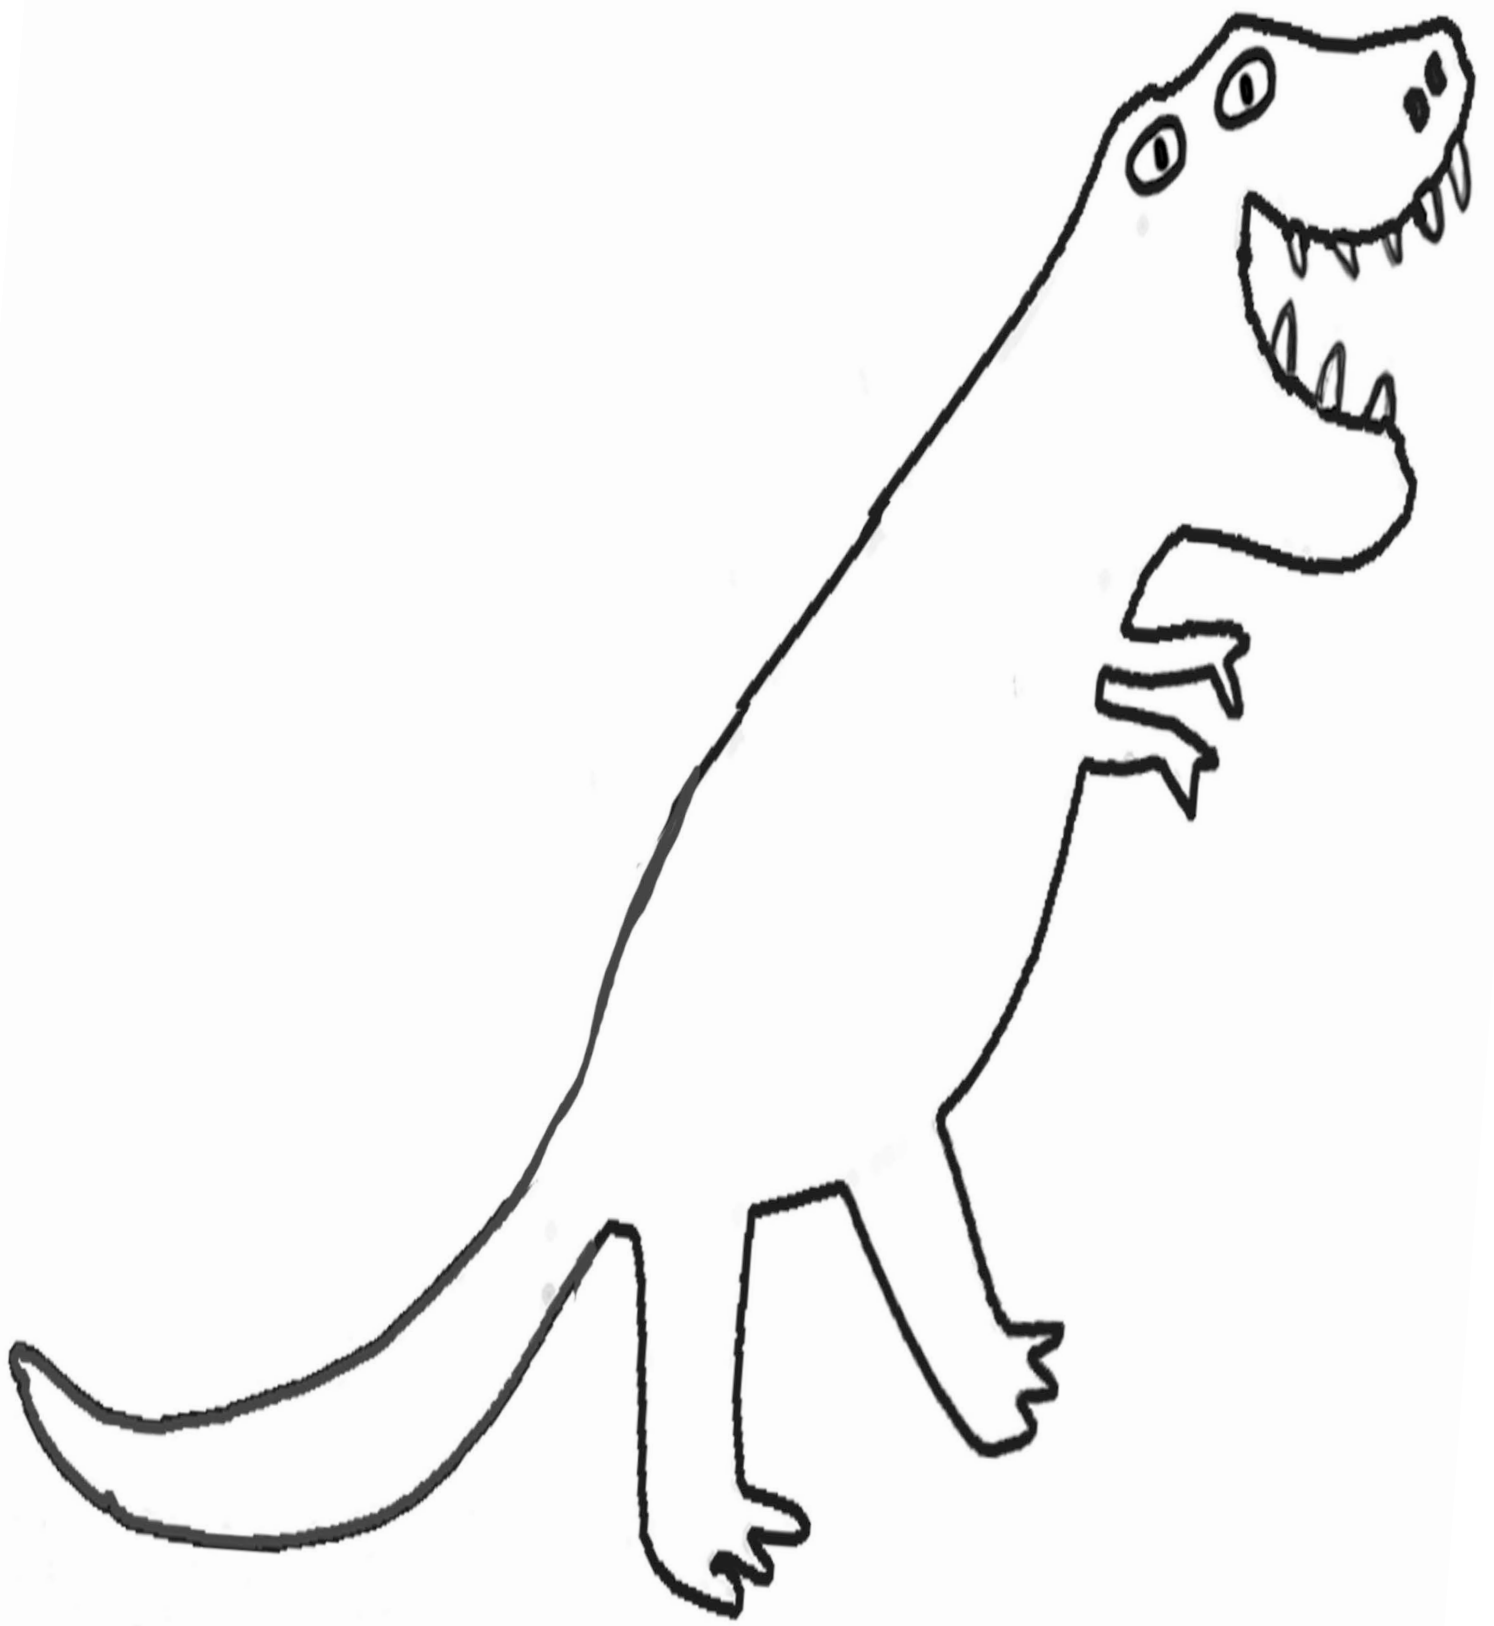

Diplodocus has a very long neck.

Take Diplodocus outside and pretend she is eating leaves from the trees.

Rosa loves Dinosaurs

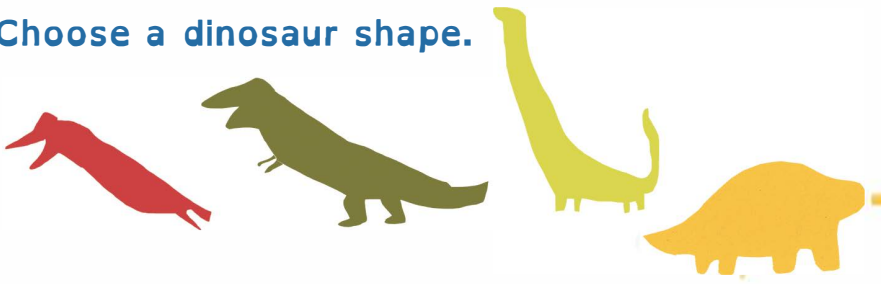

Make your own picture book Dinosaur

a workshop by Jessica Spanyol

Choose a dinosaur shape.

You could make a real dinosaur
or make up your own dinosaur species.

Stick on googly eyes and collage pieces.

Does your dinosaur have teeth, claws, scales
stripes, flowers, stars or rainbow colours?
ANYTHING GOES! USE YOUR IMAGINATION.

Think of a name for your dinosaur character.

All about your dinosaur character.

Here are a few questions all about your picture book character
you could draw some answers, (like drawing some food or toys for your dinosaur).

Also you can start to write down story ideas.

What does your dinosaur like to eat?

What books does your dinosaur like to read?

What toys does your dinosaur like?

Where does your dinosaur live?

Does your dinosaur have a pet?

Has your dinosaur got a friend? friends?

Is it your dinosaur's birthday?

Does your dinosaur speak with words or make sounds?

Does your dinosaur have a job?

Has your dinosaur ever been to visit a hospital, dentist, park,
library or a cafe?

If so what happened?
